Feedback from graduates:

My perspective of Feng Shui has completely shifted from anything I ever thought I knew due to the Mastery and vast knowledge base of Feng Shui Master Inessa Freylekhman. I look forward to sharing in our next class. The practice carries an ancient wisdom and her energy carries a depth not often seen. Beyond the content there is a lightness and joy to the class and to working with Inessa. Truly humbled by this keeper of sacred knowledge and ancient lineages. Feng Shui will never be the same to me again thanks to this amazing teacher. Simply put she knows her stuff and knows how to deliver it!

I took the Feng Shui from the Heart Certification course a few years ago and it completely changed the way I choose things for my house, I look into spaces and even relate to people!! Inessa is a fantastic teacher, very spiritual, sensitive and deep, she is very genuine and knowledgeable on the subject and has an amazing and empowering energy. Classes are very interesting and entertaining, it gives you a great understanding of feng shui and other sacred arts!!!! I never wanted the course to end.

A co-worker told me about Inessa of Feng Shui from the Heart and his positive experience in one of her conferences. I learned that she is a local of Miami Beach which is where my office is and contacted her for a presentation to our sales professionals. Inessa was our special guest for our 2018 kick-off. This was the best way to start the year! Among the many things she spoke about she explained "clutter" - inner and outer. It was about doing away with things that do not bring us a positive energy. To my surprise immediately after the meeting the people were cleaning out their offices and moving desks and chairs. It was a beautiful sight to see! Inessa is well versed in Feng Shui and very effective! It did not end there....some have continued meeting with her on a one-to-one for assistance in organizational skills and balance. Inessa....thank you once again!

Inessa has a beautiful spirit with the innate ability to eradicate all negativity from a space. Her presence is truly uplifting and she is a wonderful teacher, leader, and guide.

Ariela Sarah, Interior Designer, Miami, FL

Feng Shui has been around for thousands of years, yet few people have no idea what it truly is. Throughout my life, I've always known minimal amount of Feng Shui but after Inessa Frelekhman's workshop I am beyond impressed and more knowledgeable about the physical, mental and spiritual benefits of this ancient practice. Her life experiences and professional history made me confident and comfortable enough to trust her and feel connected to her. I loved how Inessa incorporated a mini mediation opening and closing the workshop, She used these amazing bells that gave my body vibrations and goosebumps I cannot explain. Thanks to Inessa my interest in this field has become quite apparent and I'm excited to begin applying these wonderful practices into my everyday environment. I highly recommend Inessa and will continue to talk about her amazing energy and practices along with my experience, for a lifetime.
